World's leading professional body for Enterprise Risk Qualifications (Level 1 to 5)

IRM India Chapter | 2 November 2020

Important announcement for IRM's Level 1 exam candidates in South-East Asia

IRM's Level 1 Enterprise Risk Management examination will now be conducted four times year, that is, February, May, August and November, on the last Sunday of the respective month where the duration of the examination will be 90 minutes requiring an internet connection and a fully functional webcam.

Additionally, the Level 1 examination will now be available completely online for 14 other countries in Asia, namely China, Japan, Singapore, Sri Lanka, Nepal, Mongolia, Hong Kong, Vietnam, Cambodia, Indonesia, Thailand, Philippines, Laos and Malaysia via a secured, online testing platform, allowing students and professionals to kick-start a professional career through IRM's global qualifications, from the comfort of their homes or offices.

The format of the examination will continue to include application and technical case study based questions, and the results of the exams will be announced within 10 working days. For students to prepare for the examination, IRM will continue to offer basic virtual study support sessions delivered by IRM experts across South-East Asia with study materials and webinars by IRM's international experts, at no additional fee.

The Level 1 Examination can be pursued by students and working professionals alongside their graduation, post-graduation or professional career. The Level 2 examination can be given at any of the 360 exam centers across India. At each stage after Level 1, candidates are entitled to a globally-recognised designation – IRMCert (level 2), GradIRM (Level 3), CMIRM (Level 4) and CFIRM (Level 5) – upon successful completion.

The last examination under the old structure will be conducted on 20th December, 2020, enrolments for which close on 20th November, 2020. The first examination under the new structure, will be conducted from February, 2021.
